Maple Magic : With ability to transform mere maple syrup into yummy taffy-on-a-stick, Lindsay Richmond of the Picton BIA, left, and Ashton Scott, a volunteer for Maple in the County, were a very popular duo on Main Street in Picton on Saturday. The aroma of the syrup boiling attracted crowds of people and over 200 of the sweet treats were produced for their enjoyment. The taffy on ice was one of the street activities as a part of the Picton Maple Madness & Celebration Sale during the 6th annual Maple in the County Celebrations held throughout the County over the weekend.
